COMMENTS FROM THE TOWN MANAGER'S OFFICE

Sidewalk construction was started this week on Main Street. A small piece is being constructed on the south side of the street from the Calsco Station to the residence of Charles Merrill. The remainder of the appropriation will be expended on the north side of Main Street beginning at the intersection of Mechanic Street and extending easterly. The first two hundred feet is to be entirely rebuilt and the remainder of the distance will be resurfaced.

Sixty tons of salt arrived last week to be used with sand for ice control. Another is scheduled for delivery on Jan. 6th. The amount purchased is the same as last year. Tax bills were mailed on Tuesday of this week. If there is any question regarding your tax bill it will be appreciated if you will call or visit the Town Office at an early date rather than to let it remain until the end of the year before any inquiry is made. If there should be any error in tax billing it would be easier to make any corrections this month rather than in the last minute rush at the close of the year.

The fiscal year of the town coincides with the calendar year. Therefore taxes should be paid by Dec. 31, 1957, in order to avoid having your name published in the town report.

Sincerely,
Harold L. Bean

NEW BOOKS AT THE BETHEL LIBRARY

Adult Books

"Sing Out the Glory" by Gladys Hasty Carroll. The love of a boy for a girl, of a farmer for his land, of the people for their nation, are all portrayed with a beauty and feeling that make "Sing Out the Glory" one of Gladys Hasty Carroll's finest novels.

"Death of an Ambassador" by Manning Cole. The fatal shooting of the much publicized Emmeran ambassador shocked London and gave Scotland Yard a dramatic puzzle to unravel.

"The Living Legend" by Ake Phillips. This is the story of the Royal Canadian Mounted Police.

"A Houseful of Love" by Marjorie Houseman. This Armenian family lives in New York in the late 1920's. Enjoyable and rewarding.

"The Dog who Wouldn't Be" by Farley Mowat. This dog book is a little tale much like the "Life with Father" books. It's the story of a dog and his boy, the dog being dedicated to escaping the limitations of a dog's life. A cute story.

"Letter from Peking" by Pearl S. Buck. Elizabeth is an American woman whose husband Gerald, half Chinese, has elected to stay in Peking under Communism while she returns to America. Renée, their son, in seeking love in America, is wildly frustrated because of his Chinese blood. "Letter from Peking" is a tender and suspenseful story in a world split apart.

MAINE FARMERS CAN PREVENT FIRE LOSSES

Maine farmers can do much to protect their property from fire, says Mardis Varner, Extension Service agricultural engineer and secretary-treasurer of the Maine Farm and Home Safety Council. Now, during National Fire Prevention Week, October 6 to 12, is the time to give it some thought and to do something about fire prevention. Suggestions would include: posting the number of the fire department near the phone, making the fire department familiar with your farmstead, checking heating equipment and wiring, and having fire fighting tools and extinguishers handy. Having a farm pond or cistern full of water will be essential in case of fire.

1st Lt. and Mrs. Henry Bourgon and son, John, left the last of the week for Ft. Meade, Md., to make their home where Lt. Bourgon will be stationed.

Mr. and Mrs. Wallace Saunders and children, Bobby and Patty, were week end guests of Mrs. Saunders' parents, Mr. and Mrs. Hugh Miller, Brownville Junction.

Hadley Howell, 25, of Albion, a worker on the Route 2 road construction in Hallowell was injured when struck by a truck while on the job Tuesday. He was taken to Rumford Community Hospital.

Delegates representing eastern universities, colleges and major industries visited the Oxford Paper Company's mill in Rumford Tuesday. Their object was to obtain information of career opportunities in the paper industry. They were from a permanent directors convention being held at Poland Spring.

BETHEL PTA TO HEAR GEN. LOWE TUESDAY

The Bethel Parent Teacher Association feels very fortunate to announce that the speaker for the October 15 meeting, at 8 p. m., will be Major General Frank E. Lowe. No person could be better qualified to aid us in our observation of United Nations Month and our need to have our perception heightened as to the necessity for world unity, if we are to provide any security for our children.

General Lowe served through three theaters of war and was President Truman's personal representative and observer during the Korean action before his retirement to Harrison, Maine.

We urge a large turnout for this highly informative speaker and the "get acquainted" session over refreshments, following the talk. This years theme of the meeting of PTA is (Parents)—(Teachers)—and (Anyone interested).

METHODISTS TO HEAR REV. PARKIN, OCT. 24

On Thursday, October 24, at 7:30 p. m., in Bethel Methodist Church, Methodists from surrounding towns with a 35 miles radius will gather to hear Rev. Charles Parkin. He is well known in this territory, having served as Methodist District Superintendent for two and one-half years, and previously having served as pastor in Rumford for two years. In 1953, Rev. Parkin was chosen for an important position on the staff of the Home Mission Section of the Methodist denomination. He is still on that staff, with even more important responsibilities, including mission-projects in Alaska, Hawaii, Puerto Rico, Oklahoma, Indiana, and Spanish-speaking people in the southwest.

On this coming Oct. 24, Rev. Parkin will give a vivid presentation of the mission-work in Alaska, and also the challenging need for the new Methodist College in Alaska, soon to be realized. Almost 8,000 Methodist Churches in the United States have now subscribed approximately \$3 million, with \$1 million already in hand. The goal is \$5 million.

Rev. Parkin has visited 22 out of the 24 Methodist churches spread over the vast territory of Alaska. He has also visited the site of the new Methodist College.

GRASS ROOTS OPINION

Mariontown, Pa., Bulletin: "Smoky, the Bear, has been seen on television many times during the past few months, warning us to avoid forest and brush fires. The trouble with Smoky on TV is that while his message may be appropriate to California or New England viewers at a given time, he is also warning people who are in the midst of a rainy season like the school zone signs which some towns erect when they remain on the street during the summer vacation, the regular appearance of Smoky robs his message of effectiveness."

TO BEGIN PRE-SCHOOL SURVEY NEXT WEEK

The Bethel School Committee has authorized a pre-school child survey in the Bethel area starting October 16. This will be done so that the number of pupils entering in the next five years may be more nearly determined. Past experience with this type of survey has shown it to be reasonably accurate for prediction of future school enrollments.

YOUTH WORK-DAY FOR CHRIST, OCTOBER 12

The members of the Pilgrim Fellowship, youth group of the West Parish Congregational Church of Bethel, annually share in the nation-wide Work-Day for Christ project. The date set for this annual project is Saturday, Oct. 12.

The purpose of the project as set up several years ago by the youth groups of the Congregational-Christian Churches is for each local youth group to offer itself for all kinds of jobs that may be available in a community. The money they receive for their labors is offered as an unselfish gift to the Christian work being done throughout the nation and the world by the several agencies of the Congregational denomination.

In times past, the young people have undertaken such jobs as car-washing, raking leaves, washing storm windows, baby-sitting, splitting and stacking wood and many other community chores.

The members of the Pilgrim Fellowship are ready for work this Saturday. You can provide it. Call Miss Patricia Brewster, the Pilgrim Fellowship President and she will see that the worker is provided. From past experience, it has been found that the entire youth group was signed up for jobs early so it is advisable that you make an early bid for the services of our young people. The jobs may be short-time chores or all-day work. You name it and the young people will do it.

ideas from other editors

A little common sense might have prevented the incident from ~~proceeding~~ ^{proceeding} ~~out of~~ ^{out of} proportion, but common sense in the military is sometimes as hard to find as it is in civilian life.

There is one more reason. The sponsors of telecast ball games are paying to advertise their wares. They want between-the-innings commercials. And if they are to get what they pay for then the between-the-innings change of teams and warmup must be long enough to provide for the beer and cigarette plich. The short ball game is an ancient memory of the age of the streetcar.

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare

[illegible]

Another important point deserves attention here. Contrary to the commonly-held opinion, very high tax rates are not big revenue producers for government. Henry Hazenard tells this story in a recent *New Yorker* article. Using figures produced by a Tax Foundation study, he shows that if the present rate structure had a maximum of 90 per cent, as against the 81 per cent the government would still obtain 85 per cent of the revenue at 85 rates, and the loss in revenue would be only \$324 million. On top of that, he writes, "Time and time again, when the highest rates were reduced, relative revenues from the high-income brackets rose." He cites the 50% as proof of this. When the top surtax rates were cut, he says, "the share of the total income tax paid by the high-income bracket more than doubled—from 30 per cent in 1980 to 65 per cent in 1986."

HEAVENS!! WHAT A NIGHT!! I TOLD YOU NOT TO TAKE ALL MY NEW SCHOOL CLOTHES AND NOW LOOK!! CUT!! YOU EVER LEARN YOUR LESSON YET?? WELL-- YOU'RE GOING TO LEARN NOW!!! NO MORE WEEKLY ALLOWANCE FOR YOU UNTIL IT ADDS UP TO ANOTHER DECENT OUTFIT FOR SCHOOL!! NO!! DON'T ARGUE!!

Any, MA?

We had perfect attendance the three school days of last week.

On Monday, we had a filmstrip about Fire Prevention and Smokey the Bear is going to visit us this week. Our room got a blue star for penmanship, and we hope to get a gold one next month. Jacquelyn Brooks and Rhonda Brown have been absent this week. Rhonda sprained her ankle and Jacquelyn has the chicken pox.

Grade 5—Mrs. Kneeland
We were pleased to be back to school after a few days vacation so our teacher could attend the teachers' convention in Portland. We are looking forward to the mural we are going to make in Social Studies for our bulletin board. We are bringing waste materials to make things in art for our room. Barbara brought a rabbit to school and gave it to Lennie. We put another map up to study with and Gregory brought a star fish. Mrs. O'Connor has been here two times and we got a blue star. Smokey the bear is coming to visit us we hope. We had our first movie today and it was on banking. Reporters, Lennie Duck and Gregory Glicks.

Grade 6—Miss Varner
This is American Fire Prevention Week. We expect to see "Smokey, the Bear" on Wednesday. We have had 100% attendance for seven days. We had our first movie on Tuesday. It was "What is Money?" We received a "blue" star in writing. We'll try for a gold one next time. All boys in Grade 6, 7, 8, who are interested in basketball are going to meet in Mr. Helms' room, Thursday after school. —Reporter, Mildred Kinkaid.

Grade 7—Mrs. E. Lord
In social studies we have studied Germany, Malaya, and the island of Singapore. We are now going to study Italy, an interesting subject. Since Fire Prevention Week is this week we are making posters and putting on a skit. There are six people in our room who play band instruments. Mrs. Lord is reading us Johnny Tremain. It is very exciting. We have many in the room who belong to the Scouts. Tuesday morning we had a movie on "What is Money?"

Grade 8
Last Wednesday noon we all got out of school because of the teachers' convention, but this week we are back to studying hard. Tomorrow we are going to have our exams in Social Studies we are studying about the town of Bethel. It is very interesting. This Friday night is the night that the eighth grade goes roller skating. We are all excited. —Reporter, Elizabeth Wallen and Pat McMillan.

Grade 9—Mrs. D. Lord
We have had 100% attendance this week. Achievement tests are being given this week to almost all of the grades. Our Weekly Reader covers comes Tuesday. We think they are very pretty and useful. We enjoyed the movie, "What is Money?" It showed how many kinds a fire-digger bill may pass.

Gould Runners at Portland

Thursday Coach Francis Berry's Gould Runners will go to Portland for their second meet of the year. The Gould runners showed up surprisingly well in the open against Kennett last week when they finished with a perfect score of 15. The young underdogs show signs of strong teams in the coming few seasons. Lack of experience and youth will be their chief handicap this fall.

Gould at Lyndon Saturday
Coach Scott will take his football squad to Lyndonville, Vt., Saturday to meet arch rival Lyndon Institute. Gould-Lyndon rivalry has been keen since the beginning of their series of games. Both clubs have found it difficult to win away from home. Close, thrilling games have been the result in the past. Jim Hill, one of Gould's outstanding runners, who was injured in the South Paris game and lost to the team last Saturday against Norway may be ready to start again at Lyndon. Gould is sadly lacking in material this year and the return of Hill would be a big boost to the club.

Gould Runners in Perfect Score
Coach Berry was well pleased and well he might be with his young, green runners of the cross country team that swamped Kennett High of North Conway here last Friday. The Huskies took the first six places in the meet with a perfect score of 15. Don Angevine was the winner of the 2.8 mile race as he finished in 13 minutes and 35 seconds. The course record is still held by Payne of Fryeburg at 12:56.

Norway 30—Gould 19
A highly keyed, well-coached team from Norway High outplayed and defeated Gould last Saturday for their first victory over an Academy team in thirteen years. The hard running of Frechette, the all round runner of N. Brown and G. Brown, as well as the smart signal calling of Eston turned the trick. Truman, an end, was outstanding in the line, but the entire starting line lacked little to be desired.

For Gould, Sumner was outstanding, especially in the first half. Gould took the opening kick-off better to their own 33 and then marched 67 yards to score. A 38 yard run by Gerry Smith set up the first TD. Nichols carried over from the 4 yard line.

Norway came back strong marching 96 yards with 4 first downs to score. Frechette and George Brown led the attack with long gains with Alan Robbins scoring through center from 8 yards out. George Brown rushed the extra point.

Early in the second period Sumner intercepted a Norway pass on the 46 yard line and carried to the 20. Six plays later a pass from White to Whitten for 12 yards produced Gould's second T. D.
Norway, not to be denied, took the kick-off to the 32 yard line and then marched 65 yards to score. Neil Brown, who replaced the ailing Robbins, sparked this drive, turning in one jaunt of 26 yards. Frechette again scored, this time on the last play of the half from 17 yard out.

In the third period Gould recovered a Norway fumble on the Norway 40. Smith, Sumner, and Nichols took turns smashing 2, 4, and 1 yard gains down to the 5 yard line. Here a surprise quarterback break netted Gould's third T. D. This one was by Ted White. Bethel 19-14, Norway took complete charge in the final stanza. A fumble by Gould, recovered by Norway, opened the door as the injured Flannery traveled the 26 yards in 5 plays. Frechette scored from the five yard line. Neil Brown rushed the extra point. Again Norway recovered a G. A. fumble on the 27 yard line. Frechette made 7 yards.

Neil Brown went through center for 10 and then Eaton went 10 more to score in three plays. George Brown rushed the extra point.

With both teams loaded with reserves Norway's final tally resulted in a safety as Jackson nailed a Gould runner behind the line in the end zone to make the score 30-19.

Parents' Day
Another very successful Parents' Day was held here at Gould last Saturday. Events got under way in the morning with registration of parents and families and two hockey games between the Gould girls and the girls of Kents Hill. The varsity was beaten 3-1 but the junior varsity won their game 6-1. Tennis matches were going at the same time, also with Kents Hill. Kents Hill was winner in most of the games.

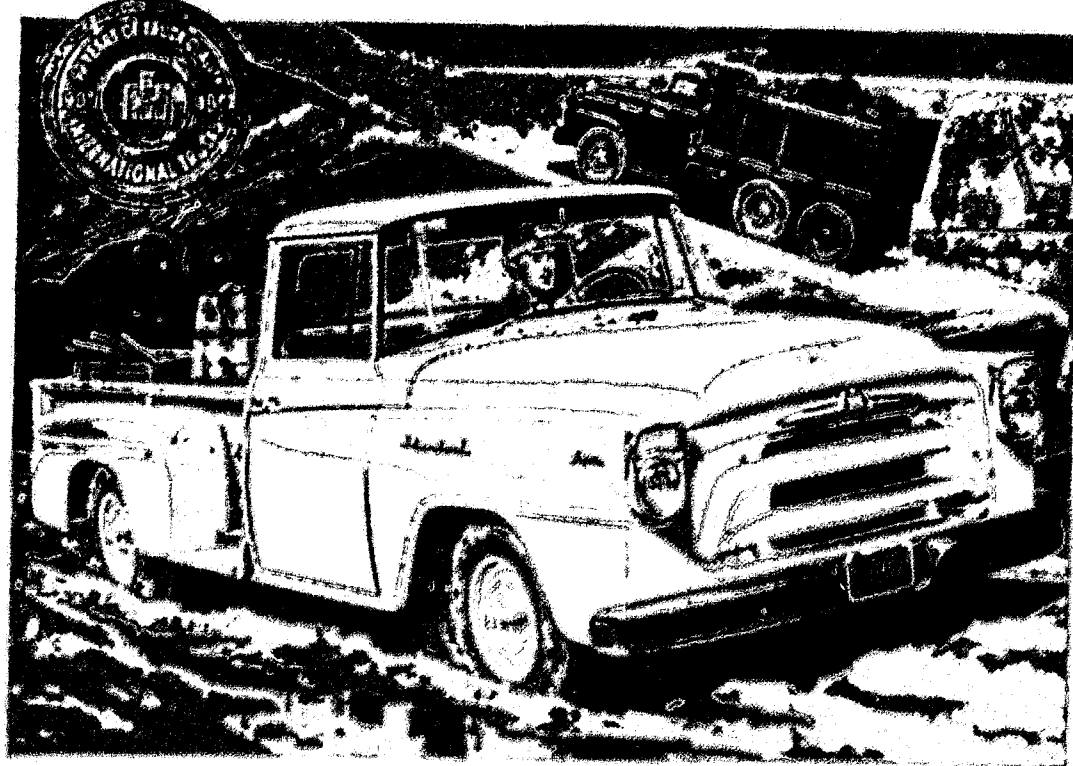

At 2:00 the football game between Norway and Gould began. The band entertained during the half. After the game parents and faculty members met at a tea in the gymnasium while the boys held a social hour for guests in Holden Hall.

From 5:00-7:00 an excellent buffet supper was served to 550 guests. Later in the evening musical entertainment and skits were presented in the gymnasium. Taking part in the program were several parents whose student sons and daughters had kindly volunteered their services. According to the figures the senior and freshman classes had the highest percentage of parents registered, the seniors with 96% and the freshmen with 64%. Especially fine weather added a great deal to the week end. Many of those attending took advantage to drive around and see the scenery.

GIRLS' SPORTS by Ruth Willard
At 10:00 on Saturday morning of Parents' Weekend, the Gould Varsity hockey team took their places on the girls' athletic field against Kents Hill Preparatory School of Readfield. The Kents Hill team scored the first goal followed by a goal made by Peggy Luke, inner guard for Gould. In the second half their invincible forward line again broke through with another goal making the final score Kents Hill 2—Gould 1. Though the Gould girls were not victorious, their spirit and sportsmanship could not have been better.

Following the varsity game, a little weary from cheering but definitely determined to win the J.V.s took positions on the field. The game got off to a good start with Susan Saunders making the first goal. At the end of twenty minutes the score was in Gould's favor 3-0. After a ten minute rest the girls were raring to go again.

THE WORKMEN WHO NEVER SHOWED UP

Have you ever figured out just what the federal government costs you—related the cost of taxation to other costs you must bear?

Publisher Guy T. Lodi of the Waterville News, Waterville, Me., has done just that. His paper is a small business, with a circulation of about 4,500. Last year he finds the federal government took \$633 per hour for every hour the plant was in operation. As to the cost, that was equal to the cost of three skilled workmen—three skilled workmen that never showed up for work.

These Mr. Lodi did some more calculating. He federal taxes came to over \$300 in cash each week, and amounted to nine cents out of every dollar taken in, whether or not a profit was made on the transaction. And these taxes took enough money out of the plant to pay for any one of the following: heat for 22 years; postage for 9 years; electric lights for 21 years; water for 19 years; electric power for 9 years; electric heat for the typewriting machines for 22 years; telephone for 21 years; and insurance for 15 years.

That, Mr. Lodi goes on, brings up the big question: "What are we going to do about it?" Here's his answer: "We don't know. We know that spending by government is too high, that taxes are too high and going higher. Actually, we would propose that tax-conscious people everywhere seriously consider the problem before the next primary election in 1958. At that time something can be done if everyone will crack down on the spenders in Washington."

TINIAL MERIT

A bill which is strongly supported by both parties in Congress, including the liberal and conservative wings of those parties, obviously has general merit. That was the case with a measure which was approved in the closing hours of the first session of the current Congress. Its purpose is to protect the file of the Federal Bureau of Investigation—a protection which J. Edgar Hoover and other authorities regard as absolutely vital. If this measure is to continue to deal effectively with subversion and other grave crimes.

Good for such a bill was brought about by a Supreme Court decision and a subsequent action of the House by lower federal courts. The House provided that the bill should be approved by a vote of 215 to 195. The House provided that the bill should be approved by a vote of 215 to 195. The House provided that the bill should be approved by a vote of 215 to 195.

The matter was a very delicate one for the one hand, it was necessary to protect defendants from provisions of a Star Chamber nature. On the other hand, it was necessary to give the FBI from criminal activity. The new bill is designed to allow both objectives. It states that defendants are entitled only to reports relevant to a criminal testimony. Then it prohibits the FBI from releasing

"I've killed a child—"

Just by taking a foolish chance

No one expects to meet death on the road. No one expects to cause it. Yet, last year 40,000 Americans died in traffic accidents.

Most of these deaths can be prevented—with your cooperation.

BACK THE ATTACK ON TRAFFIC ACCIDENTS

Here's how you can help:

1. Drive safely, courteously, soberly. Obey speed limits, warning signs. When traffic laws are obeyed, deaths go DOWN.

2. Traffic laws. They work for you, not against you. When traffic laws are strictly enforced, deaths go DOWN.

FARM HOUSING LOAN FUNDS

Loan funds are now available through the Farmers Home Administration that can be used to help farm owners obtain new water supplies or improve the water supply they now have. These funds may also be used to build or improve essential farm buildings, including homes, according to Elwyn R. Morrow, Farmers Home Administration supervisor.

Farm Housing loans are repayable over periods up to 33 years at 4 per cent and are secured by a mortgage on farm property.

Farm owners are expected to have complete buildings plans and specifications for the improvements they plan to complete. To help borrowers obtain construction that

meets general accepted standards of soundness, the Farmers Home Administration will review the plans and inspect the construction as it progresses.

The local Farmers Home Administration County Committee will determine whether or not an applicant is eligible. In addition to being a farm owner, an applicant must be unable to obtain suitable credit from other lenders, and have enough income from the farm or the farm and other sources to meet family needs and farm operating expenses and repay his debts.

Additional information on these loans may be obtained at the County Office of the Farmers Home Administration located above the Post Office in South Paris.
